Mr. F. Shawn Argue
President, Argue Construction, Ltd.
105-A Willowlea Road
Carp, ON K0A 1L0
Canada

Dear Shawn,

It is with great pride that I extend my congratulations to you and your staff at Argue Construction, Ltd. on the recent and successful completion of the new Nortrax Ottawa facility near Carp, ON.

All of you did a great job in your responsibilities, starting with design assistance, to laying out the site, including the selection of the team of sub-contractors and skilled tradesmen that worked safely and diligently to complete the newest service centre for Nortrax Canada, Inc.

Bringing on a new team for John Deere can be challenging, but your team handled it with ease. Your desire to work with John Deere and Nortrax was clearly evident, as was your hospitality and willingness to share your boardroom for regular project meetings and also by providing an office space for me when I was in Ottawa for the project. You truly made me feel welcome and part of your family, thank you.

Speaking on the behalf of the entire Nortrax Ottawa team, we are extremely pleased to be operating out of our magnificent new facility, one that will serve us well now and for many years into the future. Thank you for everything.

Best regards,

Bob
